OHM AWARDED U.S. NAVY CONTRACT WORTH UP TO \$250 MILLION TO REMEDiate HAZARDOUS WASTE SITES IN PACIFIC AND INDIAN OCEANS

FINDLAY, OHIO, February 2, 1994---OHM Corporation (NYSE:OHM), a leading on-site hazardous waste remediation firm, today announced that it has been awarded an environmental remediation contract by the Department of the Navy for an initial base period which may be extended for four additional option periods. Including options, the contract has a total potential value of \$250 million over five years.

The contract provides that OHM will remediate environmentally contaminated sites at Department of Navy, Marine Corps and other government installations located in Hawaii, Guam and other areas in the Pacific and Indian Oceans under the administration of the Pacific Division Naval Facilities Engineering Command (PACDIV). The sites will consist of those ranked on the Superfund National Priority List (NPL), as well as non-NPL sites, Resource Conservation and Recovery Act (RCRA), underground storage tanks (UST), and other sites which might require remedial action.

With 25 years experience and the successful completion of more than 16,000 projects, OHM is a leading nationwide environmental remediation firm and a major emergency response contractor. The Company provides a broad range of physical, chemical, biological, and thermal treatment technologies to clean up hazardous waste through its 25 locations in the United States. OHM provides its services to a diverse client base in the private sector including petroleum, chemical, transportation, and general manufacturing firms as well as the public sector including the U. S. Army Corps of Engineers, the U. S. Department of the Air Force, the U. S. Department of the Navy, the U. S. EPA, and at U.S. Department of Energy facilities.
