## **OHM SELECTED TO NEGOTIATE \$216 MILLION TOTAL ENVIRONMENTAL RESTORATION CONTRACT (TERC) TO BE AWARDED BY THE U.S. ARMY CORPS OF ENGINEERS**

FINDLAY, OHIO, JULY 29, 1994---OHM Corporation (NYSE:OHM), a leading on-site hazardous waste remediation firm, today announced it has been selected to negotiate a Total Environmental Restoration Contract (TERC) with an aggregate potential value of \$216 million over ten years for "cradle-to-grave" Hazardous, Toxic and Radiological Waste ("HTRW") environmental services at a number of military installations in a five state geographic region of the Southwestern Division boundary. The contract to be awarded by the Tulsa District of the U.S. Army Corps of Engineers covers a four year base period with two options to extend the contract for three additional years for a total potential ten year ordering period. The contract is a cost reimbursable indefinite delivery/indefinite quantity type contract.

Work under the contract will be performed at Department of Defense facilities in Arkansas, Louisiana, New Mexico, Oklahoma, and Texas. The Tulsa District has one anchor site, Walker Air Force Base, New Mexico and two specified sites, Longhorn Army Ammunition Plant in Karnack, Texas and Reese Air Force Base, Texas in this territory where it expects to render services under the contract.

The addition of this award puts OHM's total potential contract backlog at approximately \$1.8 billion. A Company spokesperson said the Company is still awaiting decisions on proposals submitted for term contracts aggregating \$300 million and has identified \$3.0 billion of new bidding opportunities for which the Company anticipates submitting proposals over the next twelve to eighteen months.

With 25 years experience and the successful completion of more than 16,000 projects, OHM is a leading nationwide environmental remediation firm and a major emergency response contractor. The Company provides a broad range of physical, chemical, biological, and thermal treatment technologies to clean up hazardous waste through its 29 locations in the United States. OHM provides its services to a diverse client base in the private sector including petroleum, chemical, transportation, and general manufacturing firms as well as the public sector including the U. S. Army Corps of Engineers, the U. S. Department of the Air Force, the U. S. Department of the Navy, the U. S. EPA, and at U.S. Department of Energy facilities.
